Education

Proudhadevaraya Institute of Technology — Hosapete
Electronics and Communication Engineering BE — 2021 - 2026
CGPA: 7.15

Adarsha Vidyalaya — Hagaribommanahalli
Karnataka Secondary Education Examination Board — 2016 - 2019
Percentage: 81.92%

Best PU College — Bellary
PCMB — 2019 - 2021
Percentage: 79%

Experience

Dhee Coding Labs(BTM Branch) | Python Full Stack Trainee — Dec 2025 - Present

- Developed full-stack web applications using Python, Django, React, and SQL.
- Built RESTful APIs, implemented CRUD operations, and integrated frontend with backend services.
- Used Git/GitHub for version control and followed clean coding practices.

Skills

Programming Languages:	C, Python, Html, Css, Javascript
Libraries/Frameworks:	Django REST Framework (DRF), React
Tools / Platforms:	Git, Vs code
Databases:	Sql, PostgreSQL

Projects / Open-Source

Employee Management System (DRF) — *Python, Django, Django REST Framework, MySQL*

- Developed RESTful APIs using Django REST Framework.
- Implemented CRUD operations for employee records.
- Used serializers for API request and response handling.
- Tested APIs using Postman.

FashionCard Fashion Product Catalog — *React.js | JavaScript | HTML5 | CSS3*

- Developed a responsive fashion catalog application using React.js.
- Created reusable product card components to improve code reusability.
- Displayed category-based products using dynamic rendering with JavaScript.
- Implemented a clean and responsive user interface using Flexbox and CSS.
- Structured the application with modular components for better maintainability.
- Enhanced user experience with intuitive navigation and responsive layouts.

Voter Age Validation System — *Python*

- Developed a Python-based console application to validate voter eligibility based on age.
- Implemented exception handling to manage invalid, non-numeric, and negative user inputs.
- Applied conditional logic to determine voting eligibility according to predefined age criteria.
- Demonstrated core Python concepts including loops, conditional statements, and exception handling.

Honors & Awards

- HackerRank 3 stars
